Our story

The Dutch Pantry was started by my late mother, Angela Leaney back in 2014. She started it because she had such an amazing passion for Dutch culture and its food and because it was a part of who she was. She first started selling products in The Fresh Egg Shop and from there it just kept growing.

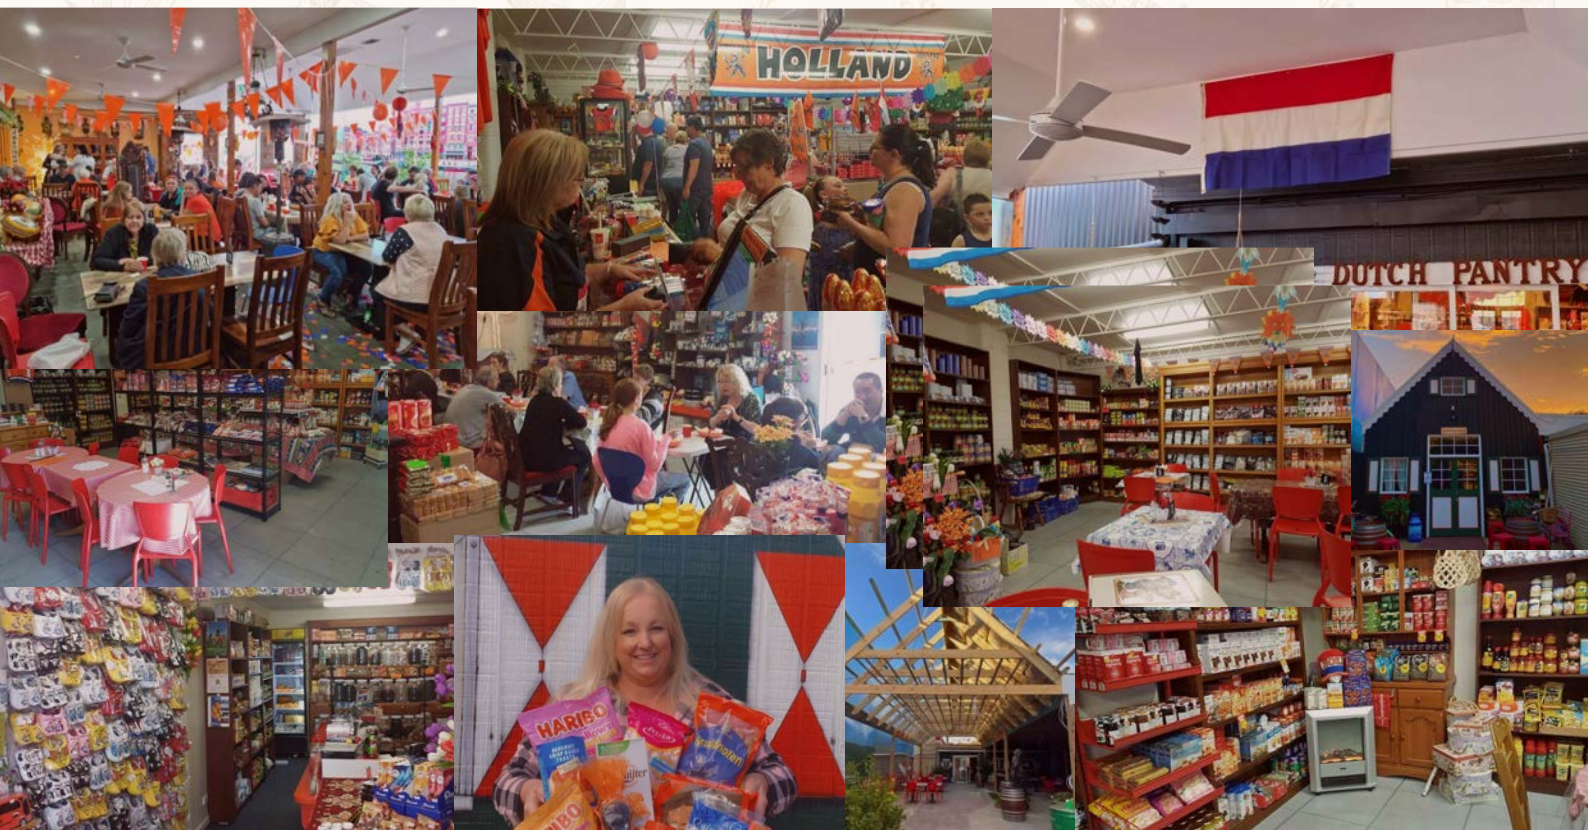

Mum always had a new idea, something she wanted to improve, or another change she was excited to make. Through her passion and hard work, she created a home away from home for so many people.

I am so thankful that I get to continue her legacy. Thank you so much for being here and being part of our story. I appreciate you all so much and love seeing your faces.

With love,
Anna-lise
